Objet: DAMI: Reviewer Notification - Decision made on DAMI-D-19-00412R2
Date: 27 juillet 2020 à 16:33
À: Romain Tavenard romain.tavenard@univ-rennes2.fr

Dear Prof. Tavenard,

At some stage during the review process, you provided feedback for the submission, "InceptionTime: Finding AlexNet for Time Series Classification" for the journal Data Mining and Knowledge Discovery. As a courtesy, we are letting you know the final decision is: Accept as is.

The decision letter to the author can be read from within your Editorial Manager account by using the Reviewer Login. Should you need assistance, please don't hesitate to contact us.

We appreciate your willingness to review this manuscript—thank you, once again.

Sincerely,
Springer Journals Editorial Office
Data Mining and Knowledge Discovery

****Our flexible approach during the COVID-19 pandemic****

If you need more time at any stage of the peer-review process, please do let us know. While our systems will continue to remind you of the original timelines, we aim to be as flexible as possible during the current pandemic.

This letter contains confidential information, is for your own use, and should not be forwarded to third parties.

Recipients of this email are registered users within the Editorial Manager database for this journal. We will keep your information on file to use in the process of submitting, evaluating and publishing a manuscript. For more information on how we use your personal details please see our privacy policy at <https://www.springernature.com/production-privacy-policy>. If you no longer wish to receive messages from this journal or you have questions regarding database management, please contact the Publication Office at the link below.

In compliance with data protection regulations, you may request that we remove your personal registration details at any time. (Use the following URL: <https://www.editorialmanager.com/dami/login.asp?a=r>). Please contact the publication office if you have any questions.
